Welcome to Modern Tuition

Modern Tuition was founded in 2021 with the vision that all students should have access to bespoke, 1-to-1 tuition. Our tuition helps students tackle the subjects they find most difficult by ensuring that the tutors invited into their homes and schools are interviewed, enhanced DBS checked and experienced enough to deliver results.

Fast forward to now, Modern Tuition has helped thousands of students grow to love and succeed in subjects they previously struggled with.

This guide contains information about our ethos and fantastic team of tutors, as well as results and testimonials from some of the families and schools we work with.

We hope you enjoy exploring Modern Tuition and join us on our journey to help students flourish.

Joseph Lyons
Founder and Director

Our Ethos

Modern Tuition started with the simple idea that every student should have access to bespoke, 1-to-1 tuition, lead by the right people who know how to make an impact. That's why we hand-pick our tutors to make sure that they have the passion, dedication and subject knowledge needed to help students thrive.

1

We're passionate about teaching

Our tutors have to be passionate about what they teach. They have to enjoy the subject and simply love helping students excel.

2

Every lesson should be a choice

We offer a pay-as-you-go structure and a 12 hour cancellation policy so parents and schools only stay with us if they're fully satisfied.

3

Tutors should be the right fit

Our tutor satisfaction guarantee means that we'll replace your tutor if their personality isn't the right fit for the student.

4

Tuition should be safeguarded

Just like school teachers, all of our tutors are enhanced DBS checked and have references for their teaching experience.

Our Tutors

Who we are

Our tutors share a passion for education and have years of tuition experience. Some are teachers or professional tutors, while others are university lecturers or graduates from world-renowned universities.

All of our tutors are Modern Tuition employees. We invest in them and support them with resources, guidance and advice on how to deliver the best lessons.

Our selection process

All of our tutors are interviewed, enhanced DBS checked and have a number of references to support their tuition experience.

However our selection process doesn't stop there. Our parent preference system ensures that only the best tutors are kept on, so the schools and families we work with feel confident that they're getting an outstanding tutor every time.

Dedicated, friendly and professional

How We Work

1:1 Teaching

Flexible times

In-person & online lessons

We work with families and schools to deliver expert 1:1 tuition to students of all ages and abilities. Our tutors provide support across all subjects, and provide bespoke tuition for entrance exams, SATs, GCSEs and A Levels.

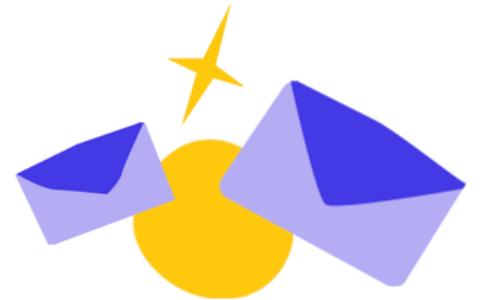

We offer both in-person and online tuition. Sessions typically occur on a weekly basis and you can scale up or scale down the length and frequency of lessons based on your needs. We also keep things flexible through our 12 hour cancellation policy, which means you can cancel tuition with 12 hours notice with no fee charged on the cancelled lesson.

All lessons are invoiced monthly and are paid in arrears so you can double check your invoices and stay in control of how much tuition you use.

Our Approach

1 Set expectations

From the first lesson, our tutors aim to understand what the student is hoping to get out of tuition so they can establish targets.

2 Establish strengths and weaknesses

Our tutors will then assess the level the student is working at through reviewing exams and classwork to understand what topics they find tricky.

3 Listen and adapt

Before beginning a topic, our tutors will listen to what the student struggles with and why. The sessions will focus on taking steps to resolve them.

4 Welcome mistakes

Our tutors are trained to create a positive environment when activities and exam questions are framed as opportunities to learn and show what they do and don't know.

5 Praise and encouragement

Tuition is all about providing encouragement and support, so our tutors encourage students to celebrate each small win.

6 Learning doesn't stop at the end of the lesson

Our tutors set homework as standard and are available throughout the week to answer questions and offer any help the student needs.

7 Communicate clearly

Our tutors provide regular feedback and insight into what students are doing in class - this makes all the difference to parents and schools and ensures accountability.

8 Aim to have fun

Students don't like learning with someone unenthusiastic, so our tutors conduct lessons with an upbeat attitude and make them engaging, ensuring students look forward to them each week.

Trusted By Leading Schools

Modern Tuition has worked with some of the best schools in the world to deliver our tuition services and educational workshops.

We **loved** working with Joseph on his short course.

Sarah Fletcher

St. Pauls Girl's School

The kids very much **enjoyed** and found the sessions **useful**.

Chris Yates

Campion School

I would recommend their services **wholeheartedly**.

Patricia Maragos

St. Peter's School

Davenant Foundation School

Modern Tuition have worked with Davenant Foundation School in East London for the past two academic years, providing intervention for students at risk of failing their core GCSE subject exams. We have helped multiple students on EHC plans pass their exams through 1:1 academic support.

Weekly sessions are scheduled according to the student's school timetable, with ongoing communication and feedback provided by tutors.

Modern Tuition have been **incredibly flexible** and **easy** to work with and have added **valuable intervention**.

9

Melanie

GCSE Parent

My daughter's chemistry tutor got her up from a **C to A***! Would thoroughly recommend.

Susan

KS2 Parent

Our daughter built a great rapport with her tutor and actually **looked forward** to her sessions each week!

Niki

KS2 Parent

Our son has improved so much... he was really struggling in school but he has **grown so much in confidence.**

Karianne

GCSE Parent

Modern Tuition worked with school to deliver some lessons. **Can't thank them enough.**

Sarah

GCSE Parent

The tutor was able to engage with him and help him from the first session. **His grades improved dramatically.**
